

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

April 12, 2016

AND SUPERVISOR HILDA SOLIS

On March 24, the Chief Executive Officer issued a status report on the implementation of Proposition 47 Taskforces. The report covers issues surrounding a host of outreach efforts to reach qualified offenders for legal relief as well as a variety of other services to this population, including workforce development, housing, healthcare, mental health and substance abuse treatment services. The report includes a brief statement concerning victims, specifically, that the District Attorney must also contact affected victims to provide notice and an opportunity to be heard as it relates to resentencing under Proposition 47.

WE, THEREFORE, MOVE that the Board of Supervisors request the District Attorney to:

1. Identify the number of victims impacted by Proposition 47 crimes;
2. Track and monitor the outreach effort(s) currently used (and newly proposed) to provide victims advance notification about upcoming resentencing matters/hearings and their right to be heard;
3. Identify any barriers that prevent victims from exercising their rights along with potential services or support by the county to alleviate those barriers; and,
4. Include the information requested above in the CEO's next quarterly report on the status of implementation of Proposition 47.
